**Beginning Your Application**

Now you are inside the online application.

At the very top, you will see contact information for you and your organization. You can make edits to that information any time by clicking either of the pencil icons.
Below the contact information is a section titled “Designated Property Information.” Be sure to carefully read all of the introductory instructions and guidelines at the beginning of this section. There’s several important points that you should keep in mind.

**Inscription Guidelines**

Follow the inscription guidelines and fill out your proposed marker inscription text.

**PROPOSED MARKER INSRIPTION**

Title Line - 15 Characters per line

Five Body Lines - 27 Characters per line

Mandatory Credit Line:
Each Legends & Lore marker includes two credit lines below the inscription. The first line features the name of the Foundation’s state folklore partner. The second line lists the Foundation’s name followed by year granted.
The title line allows for 15 characters and the five lines of body text can have 27 characters each, including spaces and punctuation. In the photo on the right, the title line is “ALDERSON LION” and the five lines of body text are directly below it.

Each Legends & Lore marker also includes two mandatory credit lines below the inscription for the Foundation and state folklore partner, which in this case is the West Virginia Humanities Council. Do the best you can writing your proposed inscription, but know Foundation staff will be able to assist you with wording.

At the end of this section, you must also type in the title of your Legends & Lore marker again.

**Proposed Marker Location**

In the next section, add details about the location where the marker will be installed. This includes the street address, name of the city, town or village, zip code, etc. You will also be asked to include a description of what’s located at that site today. That means additional details about the specific address.

For example, is the marker being installed in front of a house, at a cemetery, or on the southeast corner of an intersection? Be specific.

**Marker Location - Additional Information**

In the second part of the location section, enter the proposed marker site’s GPS coordinates (latitude and longitude) in decimal degrees. Include the name of the county or parish and the name of the state. To locate the GPS coordinates, we recommend using Google Maps. When viewing your proposed location on the map, right click to call up a menu where the GPS
coordinates are displayed at the top in decimal format. For example, the GPS coordinates for the Alderson Lion marker are: 37.725382, -80.6411498

In this section, you will also describe why this site was selected for the marker.

**Describe Your Folklore or Legend**

As you continue the application, in one or two paragraphs, describe the legend or folklore story associated with your proposed marker inscription.

You’ll have an opportunity to upload supporting documents later in your application. At this stage, there’s only a few steps left in completing your online application.

Land Use Permission Letter

Now you will be asked to provide a signed Land Use Permission letter and your IRS determination letter. Note that the IRS letter is for 501(c)(3) organizations only.

The Foundation requires a letter signed by the landowner demonstrating that your agency, pending grant approval, has permission to install a marker on the selected site. If the land is owned by a municipality or another agency, please have them use their official letterhead.

The land permission letter may be concise as long as it includes the required information. Below is a screenshot from the online application, which provide a sample letter for you to work from.

Please note, before installing your marker, be sure you are following all of your state’s guidelines around digging and excavation.

 LAND PERMISSION LETTER

The Foundation requires a letter signed by the landowner demonstrating that your agency has permission to install a Legends & Lore marker on the site listed above (pending grant approval). If the land is owned by a municipality or another agency, please have them use their official letterhead. Letter example below:

(Date)

I, (Property owner name), own the property at (address) and I give (Agency name) permission to install a Legends & Lore marker on my property should they receive funding from the William G. Pomeroy Foundation.

Sincerely,

(Property owner’s signature)

If unable to upload a document, please mail the required documents to the address below. Include name of applying agency.

William G. Pomeroy Foundation
492 E. Brighton Avenue
Syracuse, NY 13210
Uploading Documents

Here you will indicate how you will be providing your required documents. Please note, uploading documentation is strongly preferred. While mailing physical documents to our office is permissible, most applicants choose to upload and submit them online.

Successful applicants include supporting documents in their application which demonstrate their proposed inscription is a valid example of a legend or folklore according to criteria as stated on our website. Be sure to provide scanned copies of documents, not just indexes or citations. Applications submitted without supporting documentation are less likely to be approved.

There are two locations in the application where you can upload files. The main file upload allows up to 65 megabytes with an additional upload of up to 27 megabytes. Please note, if your files are individual or multipage PDFs, you must combine them using a “combine pages” feature available on software such as Adobe Acrobat or PDFsam, or by using the Preview app on your Mac. You may also compile legible and clearly marked screenshots in a Word Doc. Another option is to add your individual files into a single zipped folder that you may upload.

Submitting Your Application

Lastly, you must electronically sign your application by typing your full name. Then click the “Submit” button.
You will receive an email notification confirming that the Pomeroy Foundation has received your submission. Here’s what your notification message will say.

Application Review

Once all required materials are received, your application is complete and will be moved into the evaluation process where it will be reviewed by one of the Pomeroy Foundation’s professional folklore consultants. The folklore consultant will reach out to you with any questions or concerns they have and assist you to get your application in the best possible order prior to final review by the Foundation Trustees. The Legends & Lore partner organization in your state will review the application before it’s shared with the Trustees.
It is common for a proposed inscription to be further edited – with your assistance – for maximum clarity. Final grant decisions will be sent via email. Decisions are typically made within 4-6 weeks following the grant deadline. There are two Legends & Lore grant rounds each year and important deadlines are posted on the Foundation’s website, wgpfoundation.org.
